Modern Slavery Act 2015 Statement

This statement is made as a result of the implementation of the Modern Slavery Act 2015.

The KLM Partnership is a partnership. The Head Office is at The Red House, 5 St Vincent Street, Broughty Ferry, Dundee, DD5 2BB. The KLM Partnership are a professional services firm providing construction advice to clients and is regulated by the Royal Institution of Chartered Surveyors (RICS).

In addition to the RICS, KLM Partnership also has employees who are members of and/or are individually regulated by various professional bodies including:

Association for Project Safety

Chartered Institute of Arbitrators

KLM Partnership has offices in Scotland only, with no international offices or presence.

Services

The services KLM Partnership provides to its clients are predominantly office or site-based.

The KLM Partnership offers the following services to its clients:

Cost Consultancy, Quantity Surveying, Employer's Agent, Project Management, Client Representative, Building Surveying, Health & Safety Advice comprising of Principal Designer, Adviser to Principal Designer and CDM Adviser to Client.

KLM Partnership's supply chain in relation to services consists on the whole of other regulated professional services (Architects and Engineers). The KLM Partnership considers these to be very low risk in relation to slavery and human trafficking so takes no specific action in relation to these relationships.

The majority of other services supplied to or on behalf of KLM Partnership are from the construction industry.

Given what KLM Partnership understands to be a low risk profile of anyone supplying us with services being involved in slavery and/or human trafficking, we believe our current procedures and ability to rely on regulatory oversight in relation to professional services are sufficient in this regard. Given this low risk profile, no specific training is provided or undertaken by our staff in relation to these matters.

Goods

In terms of goods supplied to KLM Partnership, the majority of goods will be goods for use in an office environment. Occasionally KLM Partnership will be supplied with goods for use outside an office environment, for example "personal protective equipment". The supply of either type of good is not a regular occurrence and KLM Partnership will in future

assess whether any additional measures are required in relation to each substantial acquisition of goods.

Given what KLM Partnership understands to be a low risk profile of suppliers of goods, no specific training is provided or undertaken by KLM Partnership staff in relation to these matters.

This Statement covers the KLM Partnership financial year ending 30th September 2017 and has been approved by the Partners, who will review and update it annually.
